

# Recovery College CQUIN Bulletin 2

At the last meeting of the Recovery College CQUIN group on the 5th July we started off by getting an update from all the services that came to the meeting. There were a lot of services represented which was great to see so many people at the meeting and hear about all the great work that is already taking place. You can find the information from this update on pages 2 and 3.

We then had a presentation from Waterloo Manor and heard all about what Recovery College means to them and where they are up to so far, this can be found on pages 4 and 5.

We then had a presentation from Clifton House. This was from a slightly different slant and was really interesting to hear about some work that one of their OT's had undertaken before she trained as an OT around co production. They also brought along a huge poster and talked us through where they are up to and what Recovery College means to them, as well as their Recovery College Newsletter. Pages 6-9

After the break we had our final presentation from Newton Lodge telling us about the Forensic Recovery College across the BDU. One of their service users brought along some wonderful flower displays from the flower arranging course he is hoping to run there and you can find pictures and information from this on pages 10 and 13

Finally we had some group work so that everyone could reflect on the meeting and think about an action plan to take back to their services for the next few months, and to ensure everyone comes prepared for the next meeting in November. Information from this on page 14.

## Contents

Summary of last meeting	1
Update from everyone	2 & 3
Presentation— Waterloo Manor	4 & 5
Poster presentation from Clifton House	6 & 7
Presentation—Clifton House	8 & 9
Presentation—Newton Lodge	10 - 13
Group work—Reflections and action planning	14
Cygnets—developing our Recovery College poster	15
CQUIN Guidance	16
Poster for next meeting—1st November 2016	17

### Recovery College CQUIN Agenda

5<sup>TH</sup> July 2016 14.00 – 16.00

1. Welcome and Introductions
2. **"Please come prepared to update everyone on:"**
  - Where are you up to?
  - What is going well?
  - What is not going well?
3. **Presentation** – Waterloo Manor – what it means to us
4. **Presentation** – Clifton House – what it means to us
5. **Presentation** – Newton Lodge – what it means to us
6. **Group work:**
  - What has been most useful from today?
  - Where do you want to be by the next meeting?
  - What are you going to do to get there?

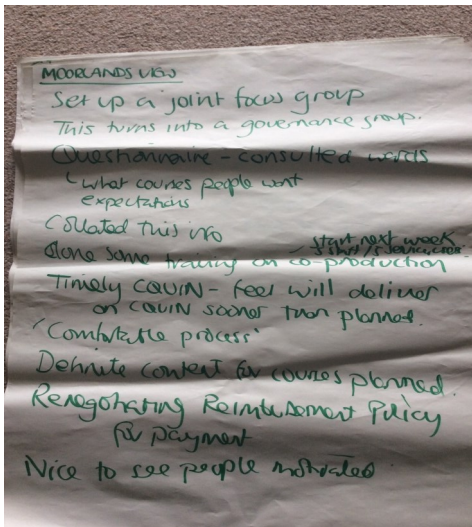

Next meeting – 1<sup>st</sup> November 2-4

Where are you up to?

What is going well?

What is not going so well?

Moorlands View

Set up a joint focus group—this turns into a governance group

Questionnaire—consulted with wards—what course people want, expectations—collated this info

Training on co production—starts next week with 5 service users

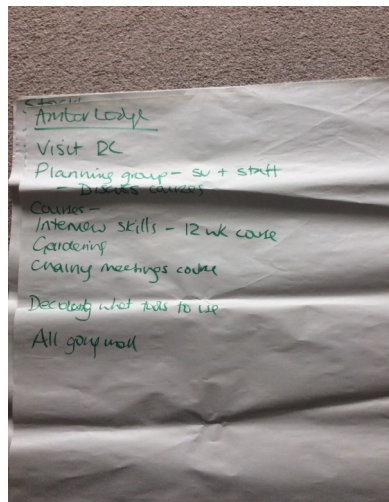

Timely CQUIN—feel will deliver on CQUIN sooner than planned.

Comfortable process

Definite context for course planned

Renegotiating reimbursement policy for payment

Nice to see people motivated

Amber Lodge

Visit Recovery College

Planning group—service users and staff—discuss courses

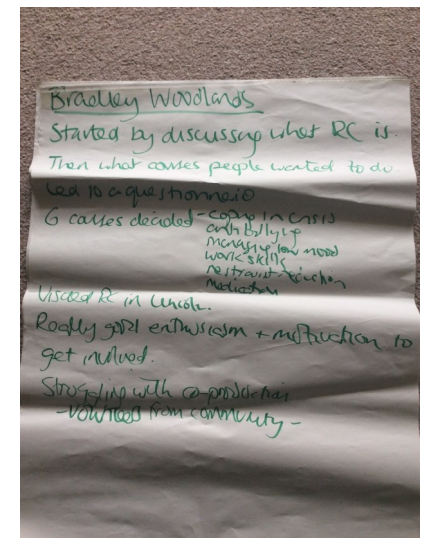

Courses—interview skills—12 week course

Gardening

Charing meetings course

Deciding what tools to use

All going well

Bradley Woodlands

Started by discussing what a Recovery College is—Then what course people wanted to do.

This led to a questionnaire

6 courses decided

Coping in a crisis, Ant bullying,

Managing low mood, Work skills

Restraint reduction, Medication

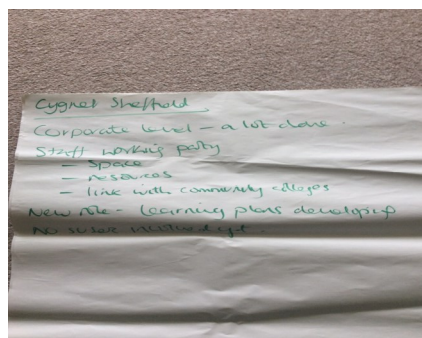

Visited Recovery College Really

good enthusiasm and

motivation to get involved

Struggling with co production —

volunteers from the community

Cygnet Sheffield

Corporate level - a lot done

Staff working party—space,

resources, link with

community colleges

New role—learning plans

developing

No service users involved yet,

early days

Stockton Hall

Deciding milestones for rest of the year

Presentations

New post—recovery worker

Survey monkey—collaborative topics

Induction and staff training—

introduce Recovery College

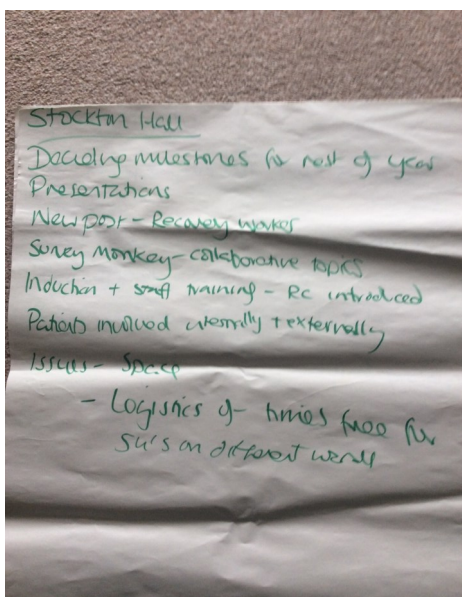

Patient involved internally and

externally

Issues—space, logistics of times

free for service users on different

wards

Stockton Hall

Deciding milestones for rest of year

Presentations

New post - Recovery worker

Survey monkey - collaborative topics

Induction + staff training - RC introduced

Patients involved internally + externally

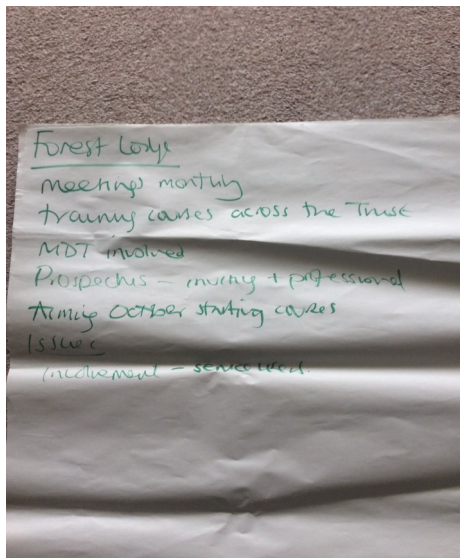

Issues - Space

- Logistics of times free for

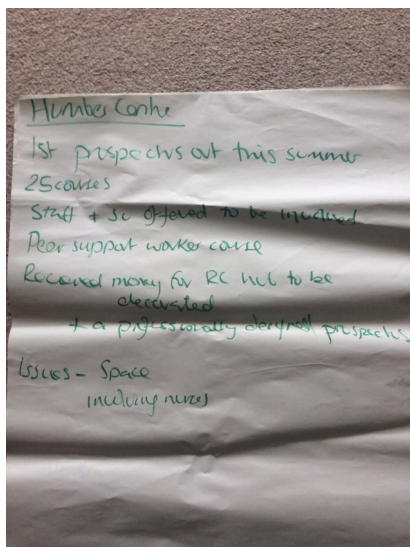

SUs on different wards

Forest Lodge

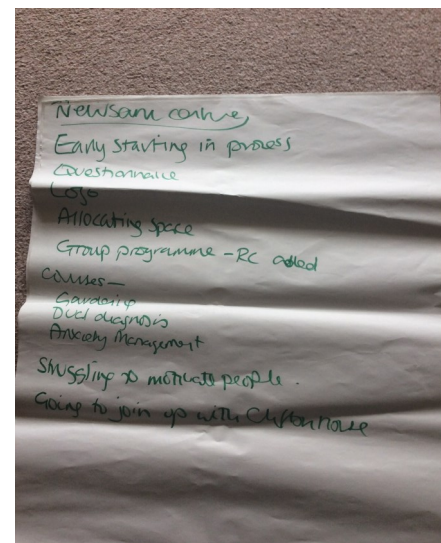

Meeting monthly  
 Training courses across the trust  
 MDT involved  
 Prospectus—nursing and professional  
 Aiming at course starting October  
 Issues—involvement of service users

Newsam Centre

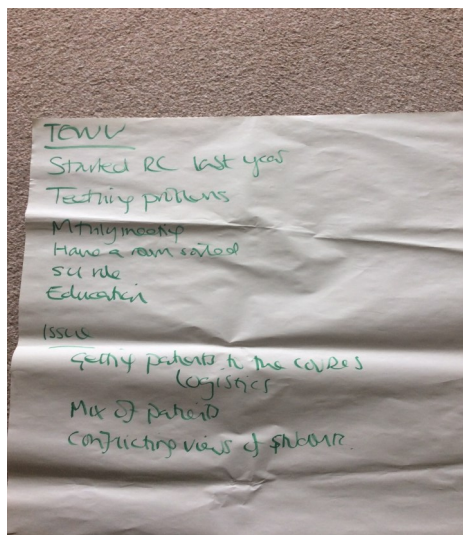

Early starting in process  
 Questionnaire  
 Allocating space  
 Group program—Recovery College added  
 Courses—gardening, dual diagnosis, anxiety management  
 Struggling to motivate people  
 Going to join up with Clifton House

Humber Centre

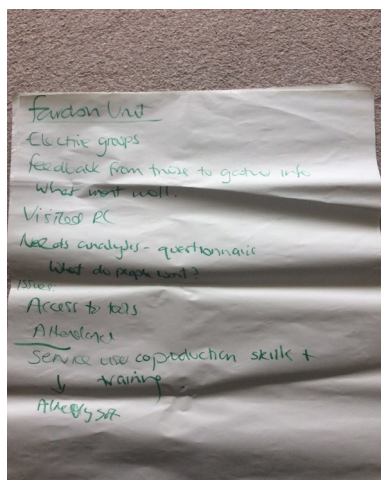

1st prospectus out this summer  
 25 courses  
 Staff and service users offered to be involved  
 Peer support worker course  
 Received money for Recovery College will be used to decorate and professionally design prospectus  
 Issues  
 Space and involving nurses

Farndon Unit

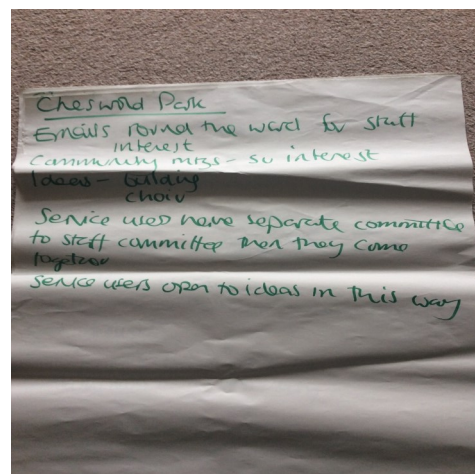

Elective groups  
 Feedback from those to gather info  
 Service user co production skills and training—already got  
 What went well  
 Visited Recovery College—needs analysis—questionnaire—what do people want?  
 Issues—Access to tools  
 Attendance,

TEWU

Started Recovery College last year—Teething problems  
 Monthly meetings  
 Having a room sorted  
 Service user roles  
 Education  
 Issues  
 Getting patients to the courses—logistics  
 Mix of patients  
 Conflicting views

Cheswold Park

Emails round the ward for staff interest  
 Community meetings—service user interest  
 Ideas—building, choir  
 Service users have separate committee to staff committee - then they come together  
 Service users open to ideas in this way

# Recovery College

WATERLOO MANOR

## What is a Recovery College?

- **INITIAL IDEAS:** (google + discussion @ Y&H January 16!)
- Work experience program and accredited qualification (working in kitchen, decorating, prison initiatives-Bread, Gordon Ramsay behind bars?!)
- English and Maths qualifications (basic education)
- NVQ's
- Certificates
- Getting in teachers (information given to service users only)
- Having a classroom
- Life skills (ironing, cooking, paying bills, community living)
- CV building courses

## Initially Linking Recovery college and My Shared Pathway (MSP)

- A- My Mental Health Recovery
- B- Stopping my Problem Behaviours
- C- Getting Insight
- D- Recovery from Drug and Alcohol Problems
- E- Making Feasible Plans
- F- Staying Healthy
- G- My Life Skills= focus
- H- My Relationships

## What Recovery College actually is...

- Non therapeutic
- Not educational
- Not academic- no exams or homework
- Sits outside services already provided (OT, DBT, psychology)
- Compliments MSP
- Broadens recovery
- Individual "what does recovery mean to me"
- Courses are chosen collaboratively, co-written and co-delivered
- Expert by Profession and Expert by Experience
- 'Self – management education'
- Helping people become expert in their own self care

## Where have we got our information?

- Yorkshire and Humber Network group (27/4/16)
- Recovery and Outcomes Group (8/6/16)
- CQUIN guidance 2016
- Recovery Colleges Briefing- R. Perkins et al at Centre for Mental Health
- Commissioners from NHSE
- Expert by Experience- Sandra Bell @ Ridgeway
- Online Examples of Established Recovery Colleges
- ImROC
- 'no health without mental health' DH (2011)

## Recovery College Curriculum Aims

- Understanding Mental Health issues and treatment options
- Rebuilding life with Mental Health Challenges
- Recovery Tool Kit
- Developing life skills (within low secure)
- Getting the most from your care- MSP
- Developing peer support
- Family and Staff inclusion
- Changing Culture ~ Ending Stigma

## Recovery College and MSP

- A- My Mental Health Recovery
- B- Stopping my Problem Behaviours
- C- Getting Insight
- D- Recovery from Drug and Alcohol Problems
- E- Making Feasible Plans
- F- Staying Healthy
- G- My Life Skills
- H- My Relationships
- Focus= all MSP

## 9/6/2016- Maple Ideas

### • **Religion and spirituality**

- Yoga
- Mindfulness
- Breathing techniques
- Relaxation
- Tai Chi

### • **Diagnoses**

- Expectations from the hospital
- Importance of using medication
- Understanding triggers and traits
- Self management plan
- Relapse signature
- Therapeutic relationship

### • **Technology and social media**

- Writing blogs
- Safe internet use
- Pinterest for activities
- Websites e.g. MIND

### • **How would we achieve this?**

- Group work
- Service user stories
- Fun and games
- Team building

### • **Logo for college:**

- Use of 2 semi colons ;

It signifies that the story is not over and displayed a yin and yang to represent finding ones self

## What do we do already to support recovery college?

- Clinical discussion- (professionals) - adapted
- Staying Safe group
- Risky business and collaborative Risk training
- Relaxation
- There is course material already jointly put together; service users have been through the courses and are ready to take over leading these groups

## Other syllabus ideas:

### - 'what does recovery mean to me?'

- Building my Recovery Toolkit
- Understanding my Rights- the Mental Health Act
- Waterloo Constitution
- Understanding my diagnoses
- First Aid and Mental Health First Aid

## Recovery College must CHIME

C-CONNECTIONS  
H-HOPE  
I-IDENTITY  
M-MEANING  
E-EMPOWERMENT

## What's next?

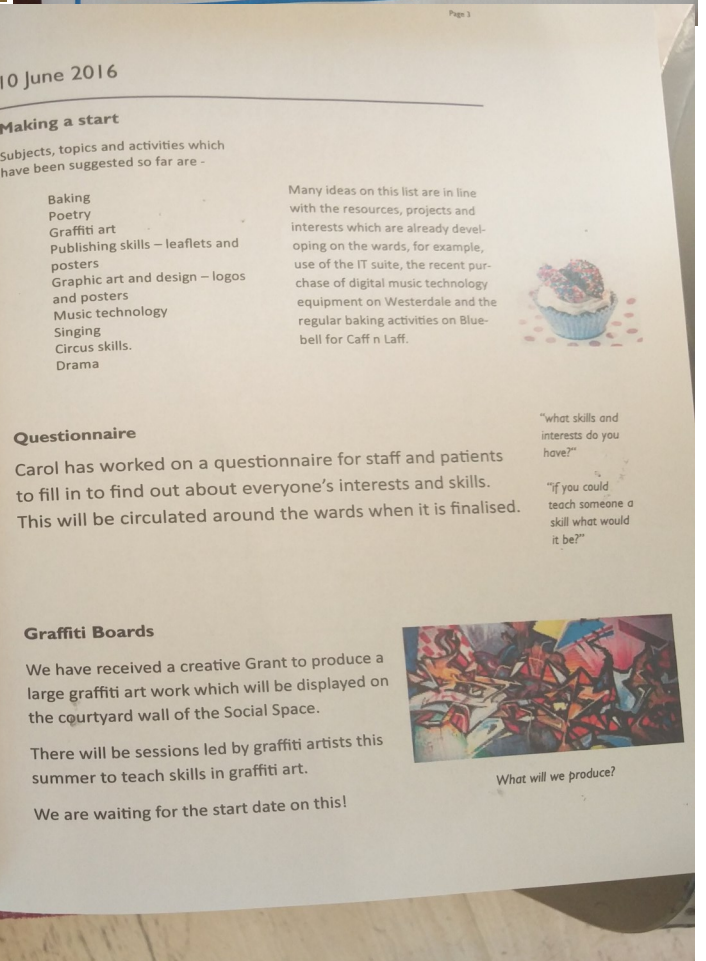

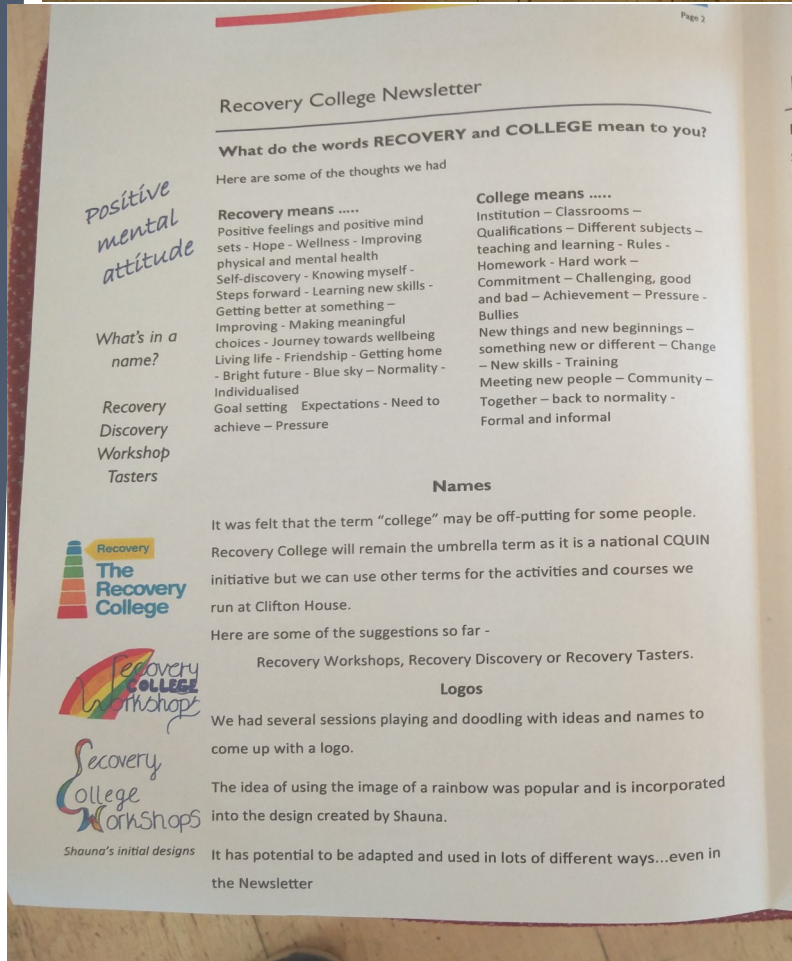

- Developing the curriculum jointly
- Timetable the curriculum
- Co-writing the syllabus
- Develop a Tool for data collection
- Develop a Prospectus
- ?committee or governing body
- Continue meeting with others in the region to develop ideas and share best practice

## Question for the Audience

- What is the right number of college courses to offer?

# Clifton House

# Recovery College Newsletter

**The story so far**

- What has happened?
- What is it?
- What does RECOVERY and COLLEGE mean to you?
- Names and logos
- Making a start
- Questionnaire
- Graffiti boards
- A summer event
- What next?

**Recovery College is coming!**

**What has happened so far?**

Various meetings and lots of ideas!

It started with a regional involvement event in Wakefield on 27<sup>th</sup> April which was attended by staff and patients. This information was shared with the rest of the team and patients, for example at community meetings and Caff n Laff, and generated ideas and suggestions of ways to move forward.

Two "working groups" have taken place on 2<sup>nd</sup> and 9<sup>th</sup> June

**What is Recovery College?**

The concept behind the Recovery College is to offer educational opportunities.

Courses and topics are chosen by you and co-devised and co-delivered by health professionals and patients. Outside facilitators may also come in and contribute.

Participants are students/learners and tutors/coaches/mentors rather than patients.

*It's not therapy!*

*It's education, learning or training!*

*It could be a one off taster, a short course or several workshops*

**Inside this issue:**

- What does recovery college mean to you? 2
- Names and logos 2
- Making a start 3
- Questionnaire 3
- Graffiti boards 3
- A summer event 4
- What next? 4

## And then..... a summer event?

What better way to promote the Recovery College and to try new things than with a summer event? And reveal the completed graffiti artwork at the same time!

We have been discussing what to call it! A gala? Clifton Festival? ClifFest?

Lead-up activities can be run to prepare for the event in the shared space, for example

- visual art and craft workshops to produce flags, bunting and banners to decorate the area
- drama, music and singing workshops to create performances, sound tracks and playlists for the day
- food and drink to cater for the event, for example, barbeque food, smoothies, cakes and savouries
- And lots more possibilities!

**What's next?**

Next working Group is 23<sup>rd</sup> June at 1pm in the Social Space

All welcome!

*It could be a Festival Event Gala Party*

*With baking hubs*

*art and craft zones*

*music zones*

*Thank you!*

**Interest Questionnaire**

We are currently looking at service users and staff interests and would appreciate if you would take the time to complete this questionnaire. Once completed please give to your ward occupational therapist.

With the following interests please tick the following:

**Academic**

	Do you have interest?	Would you be willing to learn the skill?	If you have the skill/interest would you be willing to teach it?	No interest
English	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Maths	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Science	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
IT	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Language	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Food Hygiene	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Health and safety	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other _____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

**Physical**

Football	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Basketball	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Netball	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Keep fit	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Yoga	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Gym	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Table tennis	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Staying Well	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other _____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

**Interest Questionnaire**

	Do you have interest?	Would you be willing to learn the skill?	If you have the skill/interest would you be willing to teach it?	No interest
--	-----------------------	--	--	-------------

**Leisure/Hobbies**

Entertainment acts	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Woodwork	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

## NOTICE.

### School for Working Men

A School is held at the FRIENDS' MEETING HOUSE, East Stockwell Street, to which Working Men above 18 years of age are invited, who desire instruction in

### READING AND WRITING

The School is open every SATURDAY MORNING from 9 o'clock to a quarter past 10, and a SCHOOL is held in conjunction with it on TUESDAY EVENINGS from 8 o'clock to

## Teaching skills

- What is it that we must teach?
- How shall we know when we have taught it?
- Which methods will work best to achieve the agreed outcomes?
  - Assessing learners needs
  - Establishing learning outcomes
  - Planning
  - Teaching methods
  - Wider participation
  - Resources
  - Supporting learners
  - Feedback and evaluation

*"...a student centred approach in which teachers and students work as equals"*

*The course content and objectives were shaped by the needs and choices of the group*

*Having someone outside of mental health services helps to reinforce inclusion and self-esteem*

*There was a lot going on besides the learning linked to the subject*

#### Aims:

To facilitate an enjoyable and productive workspace where students can practise and develop sewing skills. The course will respect the values of workcrafts in helping students develop confidence and stamina and be responsive to their needs.

**LEARNING OUTCOMES:** These are the intended Outcomes and may be revised in discussion with the class. Encourage learners to think about and identify their own individual outcomes. **By the end of the course, learners should be able to:**

1	Demonstrate an improvement in their sewing skills.
2	Operate a sewing machine and use its functions appropriately.
3	Enjoy being productive and creative.
4	Produce their own sewing work.
5	Support others in the group.
6	

**Questionnaire**

The purpose of these questions is to review the course; it's content and value. There are also questions that will help me plan the course for next year so that it meets your needs.

**1. Projects** - Indicate whether you have experience of any of the following projects then choose three that you'd like to do, even if it's something you've done before but would like to repeat.

Clothes for you	For your home	Small items	Seasonal projects
Trousers	Curtains	Shopping Bag	Special occasion card
Skirt	Blinds	Hand bag	Easter
Dress	Net curtains	Peg Bag	Valentines Day
Shirt/Blouse	Tie Backs	Oven Glove	Mothers Day
Waistcoat	Quilt Covers	Hot water bottle cover	
Dressing Gown	Pillows	Soft Toys	Textile Techniques
Pyjamas/Nightie	Cushion Covers	Glove Puppet	Cross stitch, embroidery
Hat	Loose Covers	Tidy All	Felting, knitting
Shawl/Scarf	Bean Bags	Kites	Patchwork, quilting
Tie/Cravat			Beading
			Appliqué

**2. Skills** - Please tick which skills you have covered and indicate to what degree (1 - 4), you feel you have made progress from -

1. No progress, task still difficult/forgotten.
2. Some improvement but requires assistance.
3. Great improvement with little guidance.
4. Able to Complete task independently with increased confidence and ability.

	Yes/no	Level 1-4		Yes/no	Level 1-4
<b>Machine Skills</b>			<b>Research</b>		
Thread up	✓	3	Developing Design	✓	3
Refill Bobbin	✓	3	Selecting Fabric	✓	2
Insert Bobbin	✓	2			
Replace Needle	✓	2	<b>Construction</b>		
Reverse function	✓	3	Identify components	✓	3
Select stitch function	✓	2	Make Pattern	✓	3
Tension control	✓	3	Marking Out	✓	2
			Cutting out	✓	2
<b>Machine Sewing</b>			Order of assembly	✓	3
Straight Seams	✓	3	Finishing	✓	3
Curved Sewing	✓	3			
Hems	✓	2	Hand sewing	✓	3
Binding	✓	2	Buttons	✓	3
Embroidery effects	✓	2	Fastenings, zips, velcro	X	X
Button Holes	✓	3			

Add any comments below.

**3.The Course.**

I would appreciate your comments on these questions. If you prefer to speak to me instead, please do so.

Have your needs been met on the course?

*I have gained quite a good deal of confidence and ability to meet the needs of the Sewing class and feel that I am satisfied with my progress.*

What have you gained from the course?

*I have gained a lot of new practical skills but need more practice and help from the Tutor. Projects-cushion covers, pillow covers and a glove have been done in the class.*

Could any of these areas be improved?

- Arrangement and organisation of the work space
- Explanations, instructions or demonstrations
- Resources e.g. fabric, equipment, information
- Planning and development of projects
- The level (too easy or too hard) and pace (too fast or to slow)

*The arrangement and organisation of the work place is about right for service members. Workcomets have just purchased some new sewing machines. The level of the course is alright and I feel I have enjoyed the course projects level.*

What would you like to achieve on next terms course?

*Take to do zips and make a pair of trousers and to do work for the home. To keep the standard already gained and move on to further afield.*

Many thanks!

## Final thoughts

- Be prepared and plan
- Be flexible to respond to each students interests and needs
- Pitch it right - Start at the students level not yours
- Offer challenges, build confidence
- Lead from behind
- Use the richness in life experiences

# Forensic Recovery College

## South West Yorkshire Partnership NHS Foundation Trust

The Forensic BDU of the South West Yorkshire Partnership NHS Foundation Trust (SWYPFT) has been involved since June 2015 in planning for a Recovery College. Our Forensic Recovery College will involve both medium and low secure services on the Fieldhead site including Newton Lodge; the Bretton Centre and Newhaven. The planning of the Forensic Recovery College was part of the Trust's initiative as there are other Recovery Colleges across the areas covered by SWYPFT.

The Steering Group for the Forensic Recovery College initially included professionals from all disciplines (Nursing, Occupational Therapy, Psychiatry, Psychology and Social Work) and across the three services. Group members attended ImROC (Implementing Recovery through Organisational Change) seminars and the benefits included the following:

- Meeting other secure services that had started Recovery Colleges and networking;
- Having the opportunity to visit other services and gain some understanding of how Recovery Colleges within Forensic Services work;
- Understanding that Partnerships are important (Trying to work in partnership with other Recovery Colleges; Local Colleges and other Departments such as Pastoral Care);
- Recognizing the importance of Co-production which is "the process of active dialogue and engagement between people who use services, and those who provide them." Allowing service users to become equal partners in designing and delivering services;
- Understanding that service users have to be **register** at Recovery College and **not** be **referred**. We recognized the need to start using a new and different language as forensic service users would be prospective students who would be enrolling on courses in which they were interested.

## **DEFINING FEATURES OF A RECOVERY COLLEGE (As defined by ImROC)**

### ***Co-production between people with personal and professional experience of mental health problems***

During the planning of the Forensic Recovery College we have involved our service users and obtained their views through providing feedback at Service User meetings and ward community meetings. Our Steering Group now also includes one service user from Newton Lodge. We are still actively seeking more service user membership from low secure services though it is recognized that since some service users for the Bretton Centre have already enrolled in Recovery Colleges in the community they may not be as interested in becoming involved in the Forensic Recovery College.

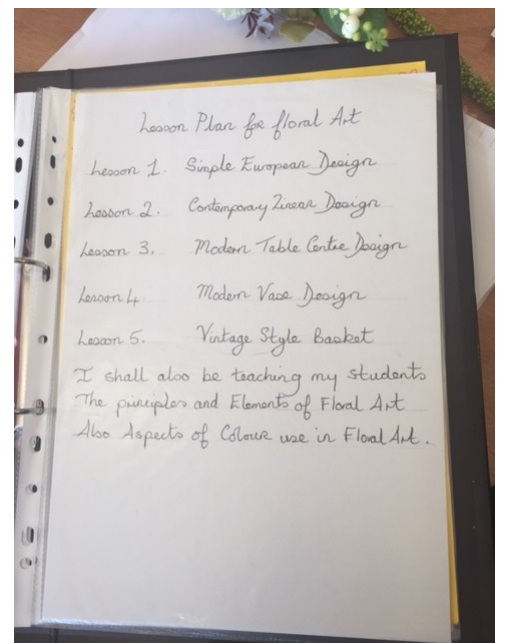

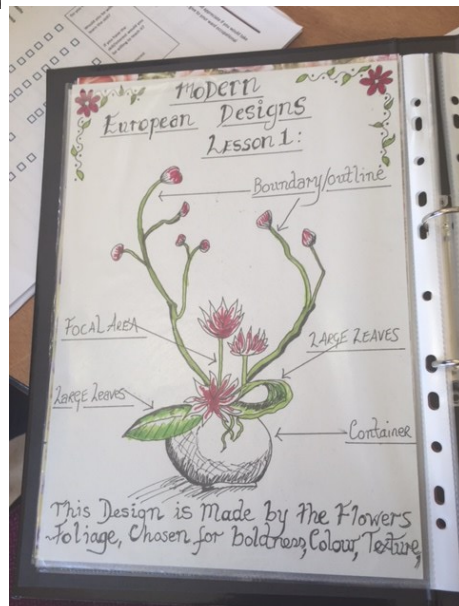

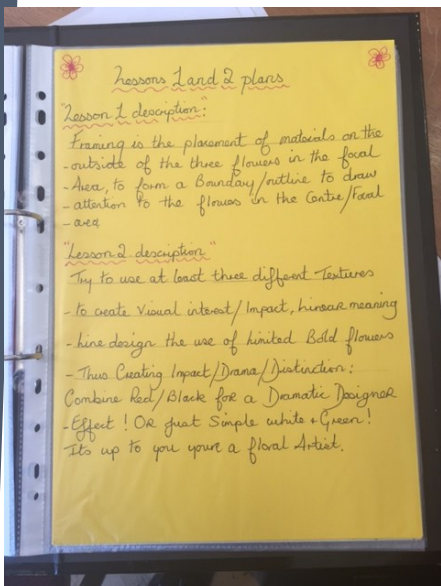

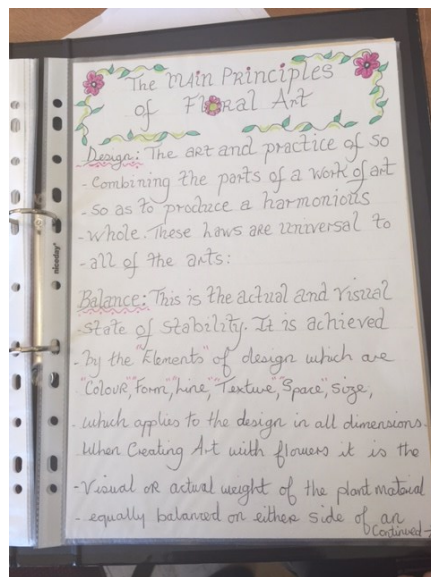

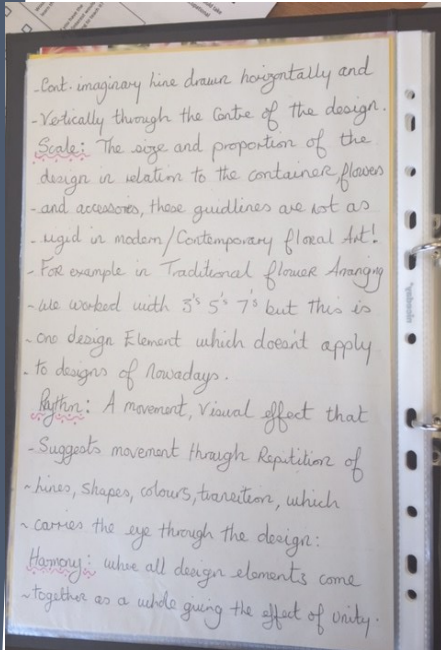

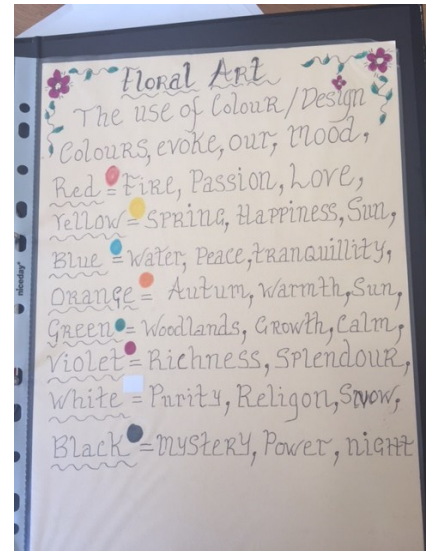

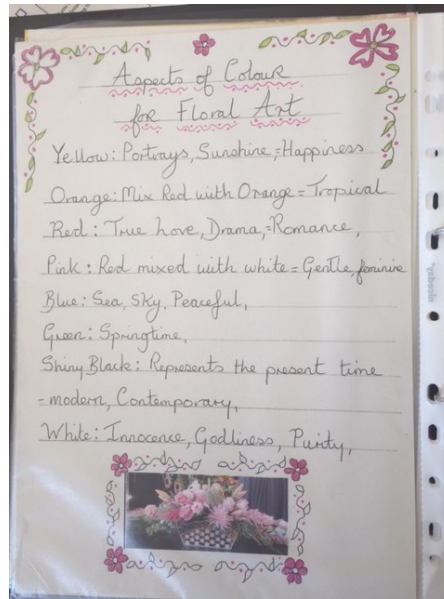

We have also informed the carers across the Forensic BDU in the planning of our Recovery College by providing information at Carers events held over the past nine months.

### ***There is a physical base (building) with classrooms and a library where people can do their own research***

A classroom has been identified in all of the three forensic services for one day per week so that courses will be provided from three campuses – the Newton Lodge campus, Bretton Centre campus and Newhaven campus. We have liaised with the librarian based within SWYPFT who has recommended several books for our library and these have been ordered. The library now contains recovery materials including books, self-help materials and DVDs. The Newton Lodge Recovery College site will house the library facilities.

We continue to liaise with the Trust's IT Department regarding service users gaining access to the internet access so that people can find out things for themselves via the internet.

# Newton Lodge

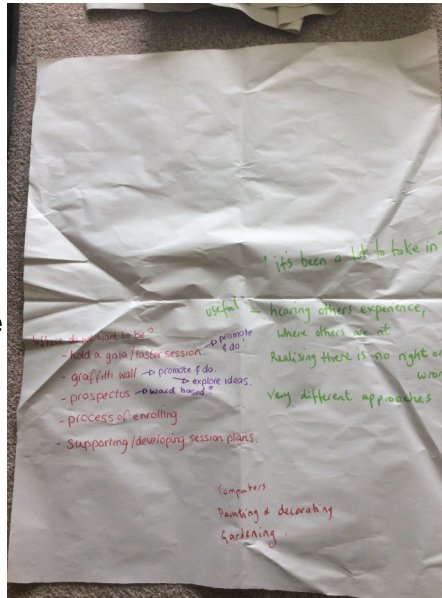

Intro: About Myself:  
 Hi my name is Martin Jowitt I am a Service User, and I am at this time staying at Priestly Ward Newton hodge Hospital.  
 I am a qualified City + Guilds Florist I achieved level 1-2 and Advanced level 3 all national Certificates in Floristry.  
 What the Recovery College means to me is:  
 I am to make my classes a fun, friendly, sociable and Creative environment.  
 I hope what my Students design and achieve will have a positive effect on their mental Health status as it has and does for mine every time I work with Flowers.  
 I will teach them how to create beautiful designs.  
 To myself and my students I feel and know its a positive way of spending time.  
 If you feel down and can become a very good coping strategy.  
 From me it also means I will have a commitment to my students along with care and focus.

Recovery College  
 Floral Art Classes  
 Hi, My Name is Martin Jowitt, I am a Service User, I am also a qualified & advanced "City + Guilds Florist" my certificates are in the beginning of this portfolio.  
 I have won competitions and exhibited at Haregate/Tadcaster Flower Shows.  
 I have made Bouquets for a wife of a celebrity's Mum!  
 I aim to teach you how to make stunning and Distinctive Floral Designs Suitable for gifts/which will compliment any room in your Interiors/Home.  
 Flowers certainly make people smile.  
 Friendships are made with them.  
 Flowers cheer us up and brighten the hearts of us all.  
 M. Jowitt

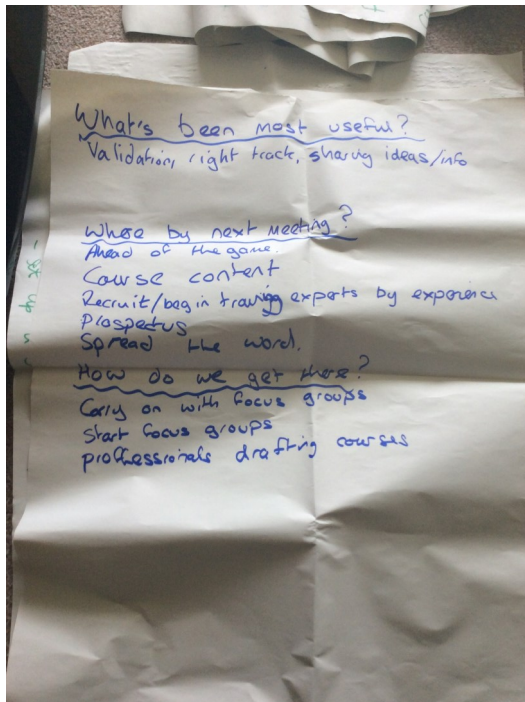

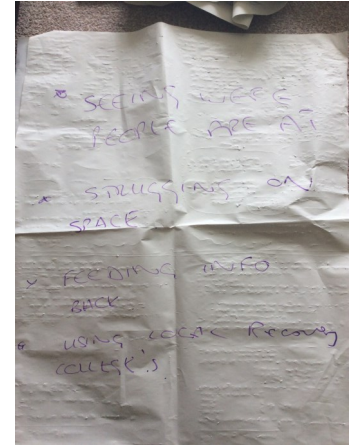

## Reflections and action planning for the next quarter

It has been a lot to take in  
 Useful—hearing others experiences and where others are at  
 Realising there is no right or wrong  
 Very different approaches  
 Where do we want to be?  
 Hold a gala/taster session—promote and do! Graffiti wall—promote and do—explore ideas. Prospectus—ward based  
 Process of enrolling  
 Supporting/developing session plans  
 Computers, Painting and decorating gardening

Seeing where people are at  
 Struggling for space  
 Feeding information back  
 Using local recovery college

### Waterloo Manor and Stockton Hall

Useful. Learning where others are and what they are doing. Different courses. Sharing ideas  
 Different perspectives. Reassurances  
 Questionnaires!!

### What/how do we get there?

Working group meetings  
 Satellite groups for different topics/subjects  
 Set up governing body  
 Set up a 3 month plan

### Next meeting

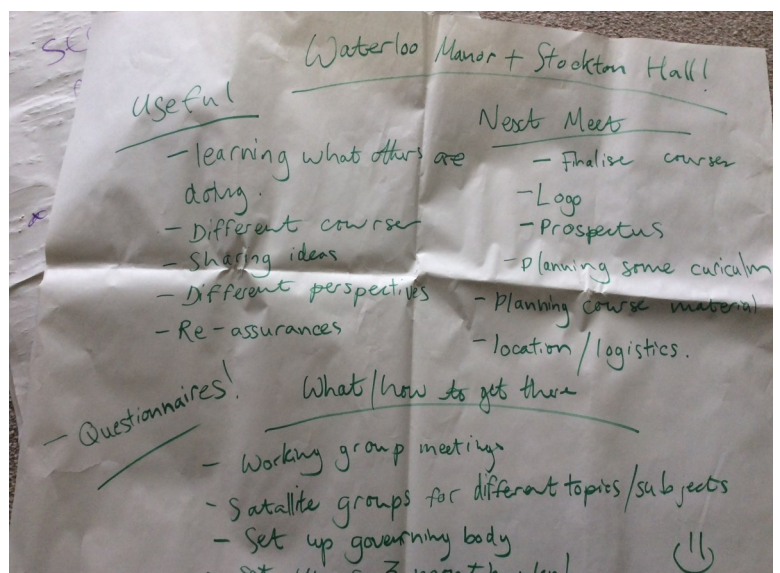

Finalise courses. Logo and prospectus  
 Planning curriculum  
 Planning course materials  
 Location and logistics

### What has been most useful?

Validation, right track, sharing ideas and info  
 Where by next meeting?  
 Ahead of the game  
 Course content  
 Recruit/beg in training experts by experience  
 Prospectus  
 Spread the word

### How do we get there

Carry on with focus groups  
 Start focus groups  
 Professionals drafting courses

# Developing our Recovery College

Timeline: 1 month

Cygnet Health Care

**Our Recovery College**

- Established service user and staff working party
- Set up monthly check in hospital wide meetings
- Begun weekly working project groups
- Developed mission statement for our recovery college
- Commenced with planning of service user tutor training course
- Spearheaded the courses that our recovery college might cover
- Determined set minutes standard
- Instigated ground rules for moving forward with our recovery college

THANK YOU

The process so far has been fun, productive and insightful. Some of our service users have had experiences with recovery colleges in the past; some good, some bad. Service users have expressed a desire to contribute to the development of our recovery college in order to ensure the good points are utilised and the bad points are avoided. Only one month into the project and a lot has been accomplished. Many thanks to all involved so far.

## Can you help?

At Waterloo Manor's last governing body meeting for Recovery College they addressed having outside experts coming in, as they are a small service and resources aren't as readily available as some larger organisations. They were wondering how the Network felt about having 'travelling workshops'; Expert by profession with Expert by experience sharing a workshop or session with another service? Logistics may be a problem for some services- they have a room that can be used by visitors that is big enough for a workshop and is already identified as part of their college rooms. Their visiting policy would be adapted to allow for these special educational visits to be facilitated. They are also happy to visit other services to share ideas and practices.

Please let either me or Charlotte Byrne from Waterloo Manor know if you are interested or in a position to facilitate.

[holly.alix@nhs.net](mailto:holly.alix@nhs.net)

[charlottebyrne@inmind.co.uk](mailto:charlottebyrne@inmind.co.uk)

## MH2 Recovery Colleges for Medium and Low Secure Patients

<b>Scheme Name</b>	<b>MH2 Recovery Colleges for Medium and Low Secure Patients</b>
<b>Eligible Providers</b>	All providers of medium and low secure mental health services
<b>Duration</b>	April 2016 to March 2018.
<b>Scheme Payment</b> (% of CQUIN-applicable contract value available for this scheme)	CQUIN payment proportion [Locally Determined] Target Value: 1% CQUIN %: 2.5%
<b>Scheme Description</b>	
<p>The establishment of co-developed and co-delivered programmes of education and training to complement other treatment approaches in adult secure services. This approach supports transformation and is central to driving recovery focused change across these services.</p> <p>Recovery Colleges deliver peer-led education &amp; training programmes within mental health services. Courses are co-devised and co-delivered by people with lived experience of mental illness and by mental health professionals, and are based on recovery principles.</p> <p>In mental health the term recovery is used to describe the personal lived experiences and journeys of people as they work towards living a meaningful and satisfying life. Recovery does not only equate to cure or to <i>clinical</i> recovery, which is defined by the absence of symptoms. Recovery principles focus on the whole person in the context of their life, considering what makes that person thrive. Positive relationships, a sense of achievement and control over one's life, feeling valued, and having hope for the future are some of the factors we know contribute to personal wellbeing.</p> <p>Most secure services will have access to an appropriate base from which the college will run. Staffing costs are incurred as re-profiling roles and job plans of individuals displaces other activity. Service user involvement is crucial but voluntary. There are some costs associated with printing and publicity.</p> <p>It is expected that after one year of this CQUIN, a needs analysis and patient engagement programme would have produced a prospectus, and the means to deliver the programme identified, and by quarter four course will have commenced. In year two, the college will have begun to establish itself and begin delivering courses and the expected outcomes in terms of patient engagement and satisfaction.</p>	
<b>Measures &amp; Payment Triggers</b>	
<b>Year 1 (2016/17)</b>	
Trigger 1:	
<ul style="list-style-type: none"> <li>■ Evidence of engagement of staff and patients in developing the Recovery College.</li> <li>■ Minutes of planning groups</li> <li>■ Course Prospectus</li> <li>■ Outcome Measures</li> <li>■ Agree standardise measures of intervention to allow evaluation of impact.</li> <li>■ Agree groups of patients to be targeted for courses by Q4, with exclusions justified.</li> </ul>	

<ul style="list-style-type: none"> <li>■ Q1: agree plan of milestones for process measures for rest of year.</li> </ul>
<p>Trigger 2:</p> <ul style="list-style-type: none"> <li>■ Proportion of target patient group enrolled <u>and</u> participating in courses in Q4.</li> </ul> <p><i>Note that the purpose of linking payment to enrolment and participation is to ensure courses are designed in such a way that patients find them valuable; that aim would of course be subverted were engagement with patients to encourage participation coercive.</i></p>
<p><b>Year Two (2017/18)</b> scheme to be developed in course of 2016, but to include:</p> <ol style="list-style-type: none"> <li>Evidence of implementation of Recovery College strategy and description of evaluation and assessment tools: <ul style="list-style-type: none"> <li>Quarterly Report</li> <li>Course Prospectus</li> <li>% of patients participating in courses</li> </ul> </li> <li>Development Plan to Improve: <ul style="list-style-type: none"> <li>% of patients who understand their condition and how to manage it</li> <li>% of patients reporting positive outcome measures</li> </ul> </li> </ol>
<b>Definitions</b>
<p>Patient eligibility:</p> <ul style="list-style-type: none"> <li>■ Excluded, patients expected to stay less than three months</li> <li>■ Other restrictions of scope (if any) as agreed at contract between provider</li> </ul> <p>In both cases, groups of patients who are excluded from the scope of the CQUIN scheme are not being judged ineligible for the Recovery College <i>per se</i>, or unable to benefit. Eligibility for the scheme is rather determined on the basis of prioritisation:</p> <ul style="list-style-type: none"> <li>nationally priority is given to patients with expected length of stay &gt; 3 months;</li> <li>locally priority may be given to particular groups of patients according to the commissioner's and provider's judgment of the best value roll-out of the Recovery College service.</li> </ul>
<b>Partial achievement rules</b>
<p>Year 1 payment: 80% process (Trigger 1) and 20% outcome (Trigger 2)</p> <p>Payment trigger 2: % targeted population enrolled and participating in courses in Q4 determines payment: Enrolment percentage plus one ninth i.e. 100% payment at 90%+ enrolment and participation, 50% payment at 45% enrolment and participation. Proportionately lower payment for lower achievement.</p> <p>"Participation" is to be defined locally and reasonably – the intention is to count those patients who are likely to be deriving benefit from the College.</p>
<b>In Year Payment Phasing &amp; Profiling</b>
<p><b>Year 1</b></p> <p>Q1 – 20% (Trigger 1 – Process)  Q2 – 20% (Trigger 1 – Process)  Q3 – 20% (Trigger 1 – Process)  Q4 – 20% (Trigger 1 – Process) and 20% (Trigger 2 – Outcome)</p>

<b>Rationale for inclusion</b>	
<p>The Government's Mental Health Strategy 'No Health without Mental Health' sets an objective for more people with mental health problems to achieve recovery. This builds upon the objectives in the Health and Social Care Act to allow service users to be partners in their care, to have clear involvement in planning at both individual and service level and have genuine treatment choices made available to them. Embedding a recovery-based approach will play a central role in achieving positive patient reported outcomes and improving patient experience. This in turn leads to improved clinical outcomes, reduced lengths of stay and fewer readmissions.</p>	
<b>Data Sources, Frequency and responsibility for collection and reporting</b>	
<p>Reports of achievement of payment triggers should be made available to commissioners on a standard report form.</p>	
Baseline period/date & Value	N/A
Final indicator period/date (on which payment is based)	As above.
Final indicator reporting date	Month 12 Contract Flex reporting date as per contract
<b>CQUIN Exit Route</b>	
<p><i>How will the change including any performance requirements be sustained once the CQUIN indicator has been retired?</i></p>	<p>The start-up costs of a Recovery College relate to the initial scoping, identification of need, developing courses and securing an appropriate base to operate from. A temporary financial incentive will allow providers to prioritise the development of a recovery college which will yield longer term benefits. Once established, it is expected that the running of Recovery College should be met within the general operating costs of a service.</p>

<b>Supporting Guidance and References</b>	
<p>"Service user experience in adult mental health: improving the experience of care for people using adult NHS mental health services, NICE clinical guideline 136" National Institute for Health and Clinical Excellence (2011)  <a href="http://www.nice.org.uk/cg136">www.nice.org.uk/cg136</a></p> <p>'No Health Without Mental Health' DH (2011)  'Recovery Colleges briefing', Centre for Mental Health (2012)</p> <p>This scheme is relevant to all adult medium and low secure providers nationally. Benefits from this CQUIN scheme are service-user focused and include:</p> <ul style="list-style-type: none"> <li>Improved Patient Experience</li> <li>Improvement in recovery related outcomes</li> <li>Improvement in self-awareness and self-management</li> <li>Reduced length of stay</li> <li>Fewer readmissions</li> </ul> <p>Secure services represent high cost low volume services, with lengths of stay running into many years and an annual bed price of between £150,000 and £200,000. Costs of establishing and running a Recovery College centre are estimated to be modest in relation to the outcome gains expected.</p>

**Tuesday 1<sup>st</sup> November 2016**

**Sandal Rugby Club Wakefield**

**2 – 4 pm - Refreshments Provided**

Role Description for attending Yorkshire and Humber Network meetings:

Represent your service and share experiences and ideas

Celebrate achievements and share learning

Find out what is happening in other services

Give your perspective

Meet staff and service users from other services

Take back and share what you have learnt with people in your service
